Připravujeme do Pediatrie pro praxi

2025

5

- Poruchy vědomí u dětí
- Virové hepatitidy s důrazem na hepatitidu A v dětské populaci
- Sportující dítě pohledem dětského kardiologa
- Děta s rekurentními bronchospazmy v ambulanci pediatra: Odporúčania pre klinickú prax
- Otvorené rozštepové vady páteře
- Vliv hormonálních změn v dospívání na kožní projevy: příčiny, diagnostika, léčba a doporučení pro praxi
- Nadváha a obezita u dětí s Downovým syndromem: zdravotní komplikace a možnosti intervencí

... programy kongresů, knižní tipy a mnoho dalších aktualit.
